Dear Parents

We are very excited to share with you that on **Tuesday 19th November** the '**Black Hole Planetarium**' will be coming into school to do an **interactive session** with Sparrows.

This will give the children a wonderful, special first-hand experience to help enrich and support our space topic. We are certain that the children will be completely entertained and will adore this opportunity.

The cost of this experience will be **£3.00** per child. Parents are asked to make this voluntary contribution towards the cost of the event but we must stress if insufficient contributions are received, it may not be possible for the proposed event to take place. Any parent experiencing difficulty in making the contribution is politely invited to contact the school office. We also ask that contact details are up to date. Please inform the office if you have recently changed your phone number or address as we will need these in the event of an emergency.

Payment may be made on-line at www.schoolmoney.co.uk using a password sent via text message. Please remember to tick the consent box when making payment. If you have any queries please do not hesitate to contact us.

Thank you for your support,

Early Years team.
